

A moaz hany exposure document...

Yes, you heard that right, he had done many horrible stuff and he refused to apologize. And here, he will be exposed

- False accusations

he accused me of being Islamophobic. Yes you heard me right, he had NO proof, and he was also bringing up a drama from before, I had apologized and moved on, moaz didn't.

@auglurscanonwife in December 2025
you made everything worse because
you get mad over Satanism by Logy
and this is why you shouldn't be
Lesbian in the first place, Why can't you
admit that you f**king asshole

@auglurscanonwife • 43s ago (edited)

@Moazhany2012 and so should you...
You literally sent r4pe threats to me
sister, sent me sexual threats, accuse
me of "doing racist and n4zi imagery",
and drew blackface on my
whiteboard?? Also me and logy had
peaced, I apologized to her since I
didn't mean to get mad at her
(ANYWAYS I'm actually aroace and bi
lol)

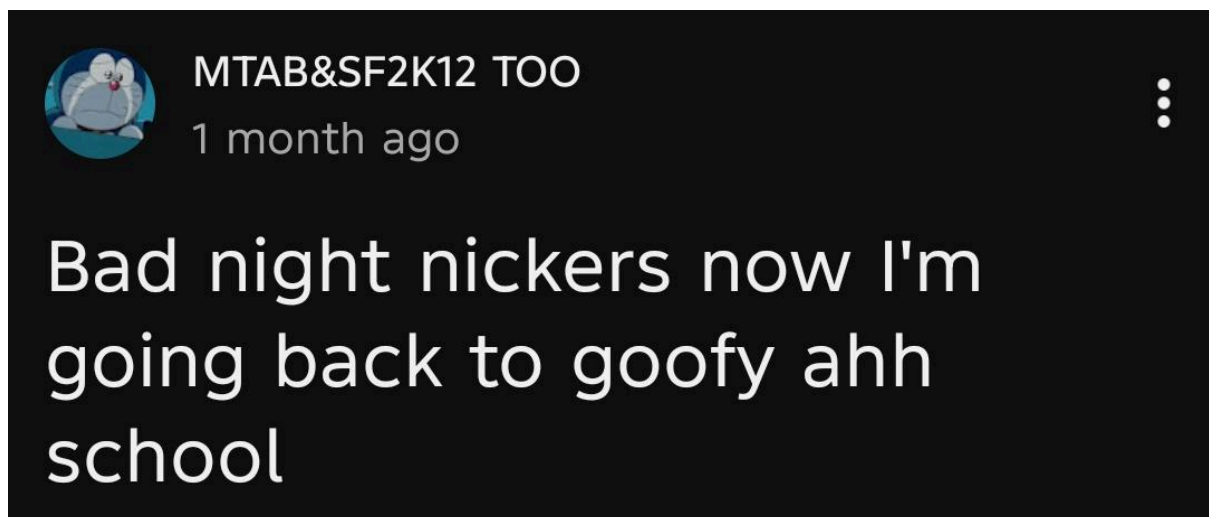

And he admitted to not caring about sending my sister r4pe threats, it's a huge issue and yet he didn't care.

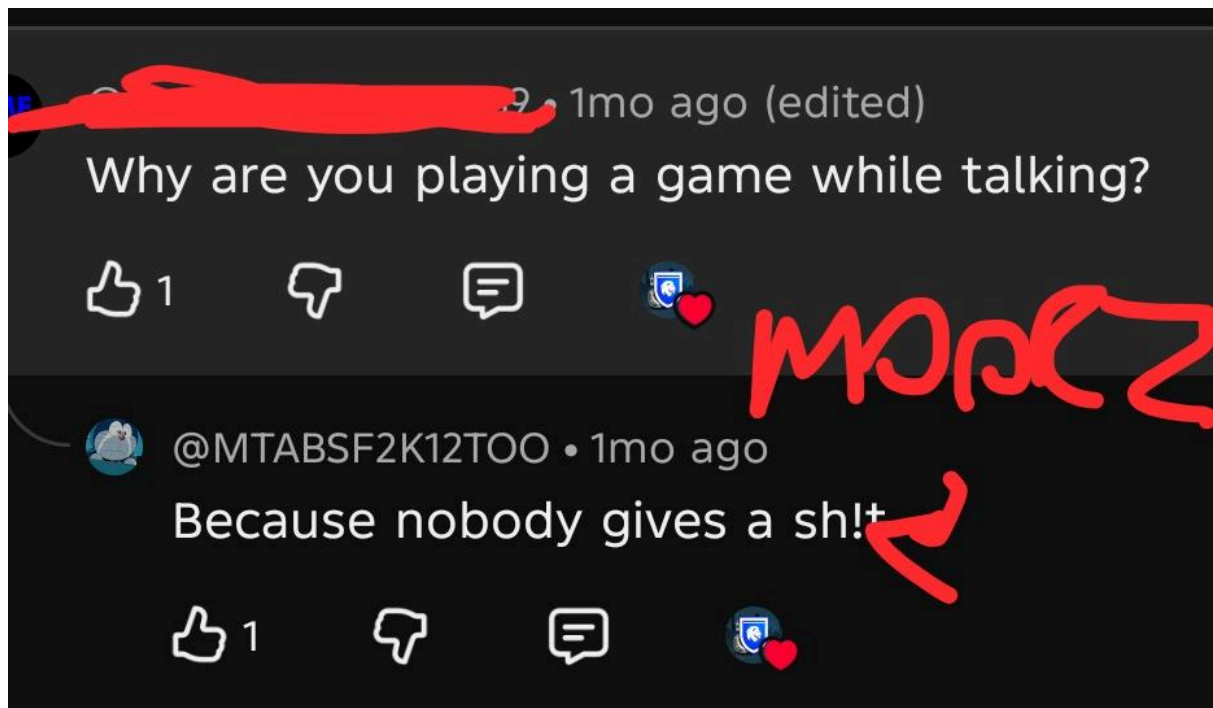

- Racism and threats

He had said the N word, mind you, he can't reclaim it

Also, he was being rude to someone FOR NO REASON. Mind you, that person was asking a question.

He also sent threats to me, my moots and others
